STEPHEN WEBBER
State Representative
District 46

January 10, 2013

The Honorable Julius Genachowski, Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: Reply Comments; DA 12-1863, IB Docket No. 12-340; RM-11683

Dear Chairman Genachowski:

I would like to request your support of the application submitted by LightSquared regarding license modification.

With access not only to the Internet, but also to mobile broadband, our economic recovery could certainly improve. Consequently, I support LightSquared's proposal to build a new nationwide mobile broadband network.

Pursuant to recent comments regarding LightSquared's proceedings, there is nearly universal agreement the FCC should facilitate the use of limited spectrum and allow LightSquared to move forward to bring a significant swath of spectrum on-line with a nationwide mobile broadband network.

I respectfully request that the Commission approve LightSquared's request. The approval of their application for reliable access to broadband spectrum would help the citizens of my community as well as those in rural areas.

Thank you for your consideration.

Sincerely,
